Question 12
Correct

Larry Miller is an Original Medicare beneficiary with Parts A and B coverage. Larry is admitted to Good Care Hospital in January with pneumonia and stays for three days before being discharged. Six months later in July, Larry takes a bad fall and is admitted to Good Care Hospital with a broken leg. After emergency surgery to repair his broken leg, Larry is hospitalized for a week before being discharged home. In December, Larry is admitted to Mount Wellness Hospital once again with a serious case of the flu. For how many Part A deductibles will Larry be responsible for?

- ☒ a. Larry will be responsible for three Part A deductibles. **Correct:** Larry has had three benefit periods within a year. The first benefit period began in January when Larry was admitted into the hospital with pneumonia. This first benefit period triggered the first deductible. Because more than 60 days passed between the date Larry was discharged from the hospital and when he was admitted to the hospital for a second time in July, this marked the beginning of a second benefit period and required the payment of another deductible. Finally, Larry was admitted to the hospital for a third time in December (more than 60 days after being discharged from his second inpatient hospital admission) triggering the required payment of a third deductible.
- ☐ b. Larry will be responsible for just one annual Part A deductible.
- ☐ c. Larry will be responsible for two Part A deductibles since he has been admitted to two hospitals within the year.
- ☐ d. Larry will be responsible for 4 quarterly Part A deductibles.

Question 13
Correct

Mary Alice is covered by Original Medicare Parts A and B. During her initial enrollment period she purchased a standard Medigap Plan A policy from you because of its relatively low cost. After speaking to her friend Stan, she asks whether any of the following are “core benefits” covered in her plan?

- I. Coverage for Part A hospital coinsurance amount
- II. Coverage for 365 additional days during an insured's lifetime after Medicare benefits end
- III. Coverage for 3 pints of blood
- IV. Coverage for the Part B deductible

- ☒ a. I, II, and III only
- ☐ b. I and II only
- ☐ c. I, II, III, and IV
- ☐ d. I only

Correct: Medigap Part A covers the Part A hospital coinsurance amount, and coverage for 365 additional hospital days when Medicare coverage for hospitalization ends. It also pays for Part B coinsurance or copayment, the first 3 pints of blood, and hospice care coinsurance or copayment.

Question 14
Correct

Lucas Fields, who is turning age 65 next month, intends to work for several more years at Smallcap, Incorporated. Smallcap has a workforce of 15 employees and offers employer-sponsored healthcare coverage. Lucas is a naturalized citizen and has contributed to the Medicare system for over 20 years. Lucas asks you if he will be entitled to Medicare and if he enrolls how that will impact his employer-sponsored healthcare coverage. How would you respond?

- ☐ a. Lucas is likely to be eligible for Medicare once he turns age 65 and if he enrolls his employer-sponsored coverage would continue to be the primary payor while Medicare would be considered a secondary payor of his healthcare claims.
- ☒ b. Lucas is likely to be eligible for Medicare once he turns age 65 and if he enrolls, Medicare would become the primary payor of his healthcare claims and Smallcap does not have to continue to offer him coverage comparable to those under age 65 under its employer-sponsored group health plan and would become a secondary payor.
- ☐ c. Lucas is likely to be ineligible for Medicare since he was born outside the United States and has only contributed to the Medicare system for 20 years.
- ☐ d. Lucas is likely to be eligible for Medicare once he turns age 65 and if he enrolls, Medicare would become the primary payor of his healthcare claims but Smallcap must continue to offer him coverage under its employer-sponsored group health plan and would become a secondary payor.

Correct: Medicare is the primary payor for individuals who have group health coverage as a result of their or their spouse's employment with a company that is not a large group health plan (GHP) (basically one with fewer than 20 employees). Furthermore, small GHPs do not have to continue to offer their age 65 and over employees and their spouses the same benefits under the GHP as individuals under age 65.

Question 17
Correct

Mr. Ellis continued working with his company and was insured under his employer's group plan until he reached age 68 when he retired. Five months later Mr. Ellis enrolled in Part B. He has heard that there is a premium penalty for those who did not sign up for Part B when first eligible and wants to know how much he will have to pay. What should you tell him?

- ☐ a. Mr. Ellis will pay a penalty, which will be a flat amount each year, paid during the first month of coverage.
- ☐ b. During the first year, he is covered under Part B, his premiums will be 10% higher than they otherwise would be, after which point, they will return to normal.
- ☒ c. Mr. Ellis will not pay any penalty because he had continuous coverage under his employer's plan and he enrolled in Part B within the 8-month period immediately following the last month he had group coverage. ✓
- ☐ d. The penalty will be a permanent 10% increase in his Part B premium for every 12-month period that passed during which he could have enrolled and did not.

Correct: Individuals with coverage based on their employment are not subject to the late enrollment penalty if they enroll in Part B when covered under the group plan or during the 8-month special enrollment period following the last month of group plan coverage.

Question 19
Correct

What impact, if any, have recent regulatory changes had on Medigap plans?

- ☐ a. The Part B deductible is now covered for some newly eligible individuals depending on their financial status.
- ☐ b. The Part A deductible is no longer covered under Medigap plans for all enrollees starting January 1, 2020.
- ☒ c. The Part B deductible is no longer covered for individuals newly eligible for Medicare starting January 1, 2020.
- ☐ d. The Part A deductible is no longer covered for individuals newly eligible for Medicare starting January 1, 2020.

✓ **Correct:** Starting January 1, 2020, Medigap plans sold to individuals who are newly eligible for Medicare are no longer allowed to cover the Part B deductible. If an individual already had one of the plans before January 1, 2020, they can keep their plan. If an individual was eligible for Medicare before January 1, 2020, but not yet enrolled, they may be able to purchase one of these plans.
